

MEET THE TEACHER

Mr. Cleven

Hello!

My name is Mr. Cleven and I will be your 6th grade Math and Science teacher. This will be my twelfth year teaching 6th grade Math and my ninth year teaching 6th grade Science. Along with Math and Science, I previously taught Language Arts for seven years, Social Studies for eighteen years, and 5th grade Social Studies for two years. Before teaching at Union Grove, I taught in Kenosha at McKinley Middle School. In my free time, I enjoy spending time with my family (wife and four kids), our dogs, riding my motorcycle, working out, and watching the Packers, Brewers, Bucks and Badgers!

I am looking forward to a fun school year!

EDUCATION

I have a Bachelor of Arts and a Master of Education degree from Carthage College. My Bachelor degree is a Major in Education and History, while my Master of Education is in Guidance-Counseling and Classroom

Management. I can't wait to share my love of education with my students!
